

## **Further Submission to Public Places Bylaw**

### **Submission;**

I submit that in the event the proposed changes to the Public Places Bylaw are passed, the building at the Tokoroa Memorial Sportsground known as **Tokoroa Axemen Clubrooms** be designated as a facility where alcohol can be consumed as is proposed for the Sport & Events Centre, SURF Rugby Clubrooms and the Cricket Clubrooms.

### **Background;**

The Tokoroa Axemen and Bushcraft Association hold a couple of competitions per annum at their arena at the Sportsground. At the conclusion of competition the Association traditionally provides the competitors and their families and volunteers with a BBQ accompanied with a few alcoholic drinks. Under the proposed bylaw this will not be permitted.

**Note;** The BBQ and alcohol are provided free of charge and the Association has no intention to charge in the future.
