PAPATUANUKU

The Papatuanuku feature is depicted here as a rock. However, we would like to create a feature that is just as eye-catching as the Ranginui feature. This could take the form of a sculpture, a piece of art or sculpture that can be played on, or a series of stone carvings commissioned during a stone-carving symposium, to be held in the Waterpark. What do you think?

FUNDING

The current project budget will cover Stage 1 only. PIP and PMF will seek additional funding, through grants and sponsorship, to progress with Stage 2. This could take some time.

How would you feel about Council considering funding Stage 2 as part of the upcoming Long Term Plan (LTP)? This would make things happen faster.

- YES - Council should consider funding all or part of it.
- NO - Council should not fund stage 2.

Do you know individuals or organisations that might be interested in sponsoring the art features in the Waterpark?

AWA NAMES

Because we are expanding the Waterpark theme to cover more than just the Waihou, which awa/streams/rivers/springs do you feel should be named in the Waterpark?

Many of us grew up around here, playing and swimming in local streams and rivers, catching fish and crawlies, exploring the awa and river banks running alongside the farms of friends and family. These are the awa that are the treasure of this district. Some are obvious because they're so visible. Which awa do you think should be included and why?

We are asking for awa names and stories – if you're happy for your story to be shared, please indicate:
